Eleven (11) political parties wound up to form Jubilee Party (JP), at the end of first quarter in September 2016. It is for that reason that JP started receiving funds the second quarter of the FY 2016/17. Before then, the qualified parties such as TNA and URP received funds as independent parties before the merger.

The distribution criteria used in the year 2016/17 followed an amendment of Sec. 25 of the Political Parties Act, 2011.
